Players signing up for our February or Easter courses may take the members price if they are attending the session at Sanderstead Village LTC.

This course is aimed at players who have not played tennis before and are not sure if they will like it as actually playing it is much more exciting than watching it on TV and with our years of coaching tennis we feel we deliver an exciting programme for children of all ages and abilities!

Parents of the children wishing to take lessons will have the opportunity to take this up after Easter and will receive details at the club during the FREE coaching period!
